Introduction

Welcome to our Electric Vehicle Product Catalog. This catalog features four innovative vehicles designed for performance, luxury, and practicality.

Presenting:

- Velocity S1: A high-performance electric sedan with advanced technology.
- Zenith X3: A compact sedan offering an excellent balance of performance and affordability.
- AeroLux V7: A luxury electric SUV with advanced features and spacious seating.
- Stratos R5: A versatile compact SUV combining practicality and cutting-edge design.

Explore these vehicles to find the perfect fit for your electric journey.

Velocity S1

The Velocity S1 is a high-performance electric sedan known for its impressive range and cutting-edge technology. It accelerates from 0 to 100 km/h in just 2.1 seconds and has a top speed of 322 km/h. The car offers a range of up to 600 kilometers on a single charge and features an advanced autopilot system with capabilities like automatic lane changes and traffic-aware cruise control. Inside, it boasts a luxurious, minimalist cabin with a 17-inch touchscreen display and premium materials. Additionally, it is equipped with active safety features and has achieved high safety ratings in various crash tests.

Zenith X3

The Zenith X3 is a compact electric sedan that offers an excellent balance of performance, range, and affordability. It comes with multiple variants, including Standard Range Plus, Long Range, and Performance models. The Zenith X3 can accelerate from 0 to 100 km/h in as little as 3.1 seconds in the Performance variant. It features a minimalist interior with a central touchscreen controlling most functions. The car includes an advanced autopilot system and offers a range of up to 576 kilometers on a single charge, depending on the variant.

AeroLux V7

The AeroLux V7 is a luxury electric SUV known for its unique falcon-wing doors and high-tech features. It offers a spacious interior with seating for up to seven passengers and advanced safety technology. The AeroLux V7 has an impressive range of up to 560 kilometers and can accelerate from 0 to 100 km/h in just 2.6 seconds in the highest-performance variant. It includes a full suite of autopilot features, a panoramic windshield, and an advanced HEPA air filtration system.

Stratos R5

The Stratos R5 is a compact electric SUV that provides a blend of performance, practicality, and advanced technology. It shares many components with the Zenith X3 and comes in different variants, including Long Range and Performance models. The Stratos R5 offers a range of up to 533 kilometers and can accelerate from 0 to 100 km/h in just 3.5 seconds in the Performance variant. It features a spacious interior with an optional third row, a panoramic glass roof, and a signature minimalist design.
